Mathematics, Science and English

Online Olympiad Classes

- In view of COVID-19, students have an opportunity to utilize their unscheduled break and prepare for Olympiad Exams through online classes
- Olympiad Success has come up with a plan to conduct group classes that will be delivered through Zoom (You don't need to worry about using Zoom, we will share detailed instructions and also provide tech support before commencement of the classes)
- Before taking the fees, Olympiad Success will intimate the class timings (before and after COVID-19 restrictions). It will not be possible to accommodate individual preferences regarding the timing

What to Expect

- Olympiad Success has done due diligence to identify tutors with significant teaching experience. Olympiad Success will seek continuous feedback from parents/students to make amends as the classes progress
- Preparation for Olympiad Exams is tougher than regular school curriculum. On the other hand, the time available for these classes is lesser than that available in school. Hence, student will be required to spend ~2 hours everyday to cope up with the curriculum
- The online classes will be supported with some reading material either before or after the class on a particular topic. The reading material will not be a substitute for a regular book, and should be treated as summarized notes
- Students will be given a free access to Olympiad Success platform to practice topic-wise mock test. Alternatively, students can practice from standard books available in the market
- Since these are group classes, doubts of individual students will not be covered

The objective of these classes is to provide introduction to the entire curriculum and give sufficient headway to the student compared to their peers

Prerequisites

- A good laptop or desktop with 2Mbps Internet Speed
 - Headphones
-
- Students should spend ~2 hours everyday to cope with the curriculum. Parent's support will be needed
 - Students struggling with regular school curriculum should not pursue this course

Miscellaneous Points

6

- Each class will be around 1 hour.
- Since there's limited batch-size for each class, the costing of these classes is based on total number of students. Olympiad Success has tried to keep the charges nominal. Hence, there will be no refund
- For 1-1 doubt classes, there will be a fee of Rs. 900 per hour or part thereof. In order to make the doubt classes more efficient, we would encourage students to share questions on WhatsApp beforehand
- In the unforeseen case of cancellation of classes, Olympiad Success will refund the amount for remaining classes and will let the student continue to use its online platform till March 15, 2021
- To join the class and make payment, please write to us at support@olympiadsuccess.com

There will not be any demo class. For payments, please write to us at support@olympiadsuccess.com or call +91-95607-64447
